Dr.G.B. Jain Oration

- In a glowing tribute, Padma Vibhushan Prof. B.M. Hegde wrote, “**Dr. G.B. Jain was Purusha Shreshtha...**” Dr. Jain was one of those rare physicians who was a master of both—the science as well as the art of medicine.

In 2001, he penned his memoirs in a fascinating book *Spring Through Autumn* — the Reminiscences and Reflections of an Indian Physician.

Dr. Jain’s 2005 publication — *A Timeless Melody* (Published by Rupa)—a translation of the Srimad Bhagawad Gita from Hindi Chowpayee into English verse — was his tallest wish.
